Dear Bill,

Thanks very much for the professional job your company did for us during our recent product taste testing. From the beginning of the project, we wanted to act quickly to obtain feedback from consumers. Your company was able to response to our request in a timely manner and got the job done quickly.

Additionally, it was extremely important to us that the project be handled in a collaborative manner. As the product owners, we must always ensure that our product is represented accurately and appropriately. We were very pleased that we were able to work as a team on this project.

The results of the taste test are helping us tremendously to plan and position our new product in the marketplace.

It has been a pleasure to work with your team.

Best regards,

Jeanne Andersen
President
